

JURORS CONSENT TO REMAIN  
ANOTHER WEEK TO FINISH LIST.

Judge Umbel Announced That It Would Be Impossible to Complete the Trial List This Week.

## ELLWOOD COMPANY WINS CASE

Verdict Against the Monongahela Natural Gas Company Returned This Morning—Cooper Case Is Still On. Springfield Dispute Over Taking of Timber Being Heard.

UNION TOWN Jan 23—Judge R. Umbel announced this morning that it would be impossible to complete the trial list this week, and this morning asked how many jurors could stay over for next week. The names were called and as jurors after being asked to be excused it looked for a time as if none of them wanted to stay for next week. But after the whole panel had been called it was found that about one third had consented to stay and they were directed to report at 9 o'clock Monday morning.

After deliberating about six hours the jury in the case of the Monongahela Natural Gas Company against the Ellwood Natural Gas &amp; Oil Company, returned a sealed verdict this morning, was opened in court this morning and was in favor of the defendant company. This case was tried a year ago and the jury disagreed. There was a great deal of interest attached to it. The plaintiff company sued for \$1,000, alleged to be due for gas furnished the defendant company. The company were to receive the minimum rate the defense alleged and were not given it while the plaintiff company alleged that the concern was to be given the minimum rate, but in any event pay \$1,000 per month. It was not clearly proven that there was to be a fixed charge and the Ellwood company used a smaller amount of gas cost \$1,000 per month.

The case of Daniel Murphy against Andrew P. Cooper for \$20,000 or less, will have important information for the jury by Saturday morning as some interesting developments are promised in the case.

The story told by Bogavitch who is now in the hospital if the men were upon robbery is not believed. Bogavitch says that he was robbed of \$300 and the \$150 was found in his pocket and five silver dollars in Bogavitch's.

Foreigners Known to Carry Large  
Sum of Money Watched for by  
Thugs—Today's Robbery Likely  
Committed by Same Parties as That  
of Tuesday Night.

DUNBAR Jan 26—Another holdup  
occurred a short distance below here  
today soon after 12 o'clock. A Hun-  
garian or Slavish man, whose name  
is unknown, was held up and robbed  
by four men, two of whom are said  
to be Americans and two foreigners.  
The foreigner held up was beaten as  
severely as he was relieved of a pocket  
book containing \$125.

The men who did the robbing are  
supposed to be members of the same  
gang which held up two men on Tues-  
day night, one of whom died later,  
the other being confined to the Cot-  
tage State hospital with a fractured  
skull.

There is a settlement of foreigners  
employed on railroad construction near  
the place where the robbers were  
committed. Nearly all of the men car-  
ry large sums of money with them as  
a fact which has become known to the  
men who are doing the robbing.

To the National Acts of Harry Thaw  
on Several Occasions

NEW YORK Jan 26—(Special)—  
Dr. Chas. L. Bailey was the first wit-  
ness called in the Thaw trial this  
morning. He said he attended Thaw  
when the latter was ill on a New York  
Central train and considered his acts  
irrational. On cross examination Dr.  
James M. Breasted, attorney for the  
defendant, asked Dr. Bailey if his  
opinions were formed by cursory ex-  
aminations.

Dr. Chas. C. Wagner was the next  
witness and testified to Thaw's irra-  
tional acts.

Dr. Wagner said that Thaw told him  
that he had been to see Jerome and  
tried to get him to break up the alleg-  
ed evil practices of Stanford White  
and that Jerome thinking him to be  
insane jealous of White's attentions  
to Eva, paid no attention to him.

## ENGINE LEAPS FROM BRIDGE

Runs Wild After Collision and Lands  
in Creek.

WASHINGTON, Pa., Jan. 27—(Special)—  
Running wild after a head-on  
collision with another train in which  
two men were injured an engine and  
caboose on the Monongahela & Wash-  
ington railroad dashed backward four  
miles along the track yesterday after-  
noon and plunged into a creek.

Through a misunderstanding of or-  
ders an engine with 35 loaded cars  
was met near Ellsworth by a south  
bound engine with only a caboose at  
tached. All the trainmen jumped but  
Roy Stoen conductor had his ankle  
broken and H. L. Kingstone had an arm  
broken.

Seeing the approaching train, Engi-  
neer G. W. Woodard of the light  
engine reversed and jumped. Neither  
was injured in the crash and the  
light locomotive started backward at  
a terrific speed. At Reeds Mills  
four miles away the engine leaped  
from a bridge and demolishing the  
caboose, half buried itself in the  
stream.

## BETHANY FIRE.

Boys and Girl Students Routed Out  
~ Night at West Virginia  
College.

BETHANY, W. Va. Jan 26—Chok-  
ing and coughing the 100 students in  
the main girl's dormitory of Bethany  
College were at 12 m. o'clock yester-  
day morning to find clouds of smoke  
filling the halls and stairways. With  
the means of exit apparently cut off,  
the frightened girls gathered in rooms  
looking out on the men's dormitory  
across the street and their screams  
soon awoke the sleepers.

Quickly dressing 100 young men  
formed a bucket brigade which  
sent out the more daring dashed into  
the burning building, groped their  
way to the rooms where the terror  
stricken girls were huddled and guid-  
ed them through the smoke to the  
exit.

The white procession then moved  
for a neighboring residence where  
shelter was provided until the am-  
bitious firemen had the blaze under con-  
trol an hour later.

It is supposed the flames started in  
the basement from a pile of ashes  
containing live coals taken from a  
fireplace. Those on the scene first  
found the fire eating its way into the  
big dining room, where 200 students  
are furnished board. Almost half of  
the entire floor of the three-story  
structure had to be torn up to check  
the flames. Until repairs can be  
made in the boarding quarters will have  
to be provided. The fire did not reach  
the second floor and none of the girls  
effects were damaged. With the ex-  
ception of one girl who is suffering  
from shock, all the inmates escaped  
injury. There was no insurance on  
the building.

THURSDAY EVEG., JAN. 23, 1908

STRIKING DOWN  
UNREASONABLE REGULATION

The decision of the Supreme Court declaring the two cent passenger fare bill unconstitutional should not excite the surprise of any intelligent man. The law was passed in response to public clamor of the manufacturers in the coke region that the kick back obtained by the who are elected to positions in local government.

The Dunbar held up vorses on the motions.

The peaceful confines of Somersfield have been invaded by the bold and hardy band of unscrupulous citizens who are the manufacturers of the coke region. They are wholly disinterested or free from personal bias. In the name of the people private interests and personal rages are found expression in the arbitrary fare passenger rate.

With as much propriety and justice the Legislature might have enacted that all newspapers in Pennsylvania should charge their advertisers a uniform rate of two cents per line of inch for their advertising without regard to circulation or profits. It is true that the railroads are quasi public corporations holding special rights from the State entitling the latter to that measure of supervision over them commonly called regulation, but such regulation should never be exercised in plain derogation of the rights of innocent stockholders. It is the undoubted province of the State to compel the railroad companies to charge no more than the equities rates for all public services but the State has no more right to fix an arbitrary and unjust rate than the corporation has to discriminate in favor of one nation and against another. The flat passenger rate was a flat discrimination because while some railroads could possibly operate at a profit under it others certainly could not. This fact was recognized in the bill and an attempt was made to partially overcome the objection by excusing from the operation of the law certain small railroads.

The railroads may be safely left to the State Railroad Commission. This body has the power to decide all questions of equitable rates and alleged discriminations and the decisions will lie upon the merits of the cases. This is simple justice. The two cent law was flat discrimination. In striking it down, the Supreme Court did not strike at the people but at unseasonable and unjust regulation.

THE STATE PROTECTS  
OUR FOOD AND DRINK.

The sanitary and pure food laws of Pennsylvania are being enforced to the greatest surprise of many merchants and butchers and druggists who either didn't expect the laws were so serious or didn't know anything about them, mostly the latter. The State does not provide any means of info regarding the public concerning legislation.

The citizen is usually enlightened when an officer comes around and gathers him in for ignorant violations of the law. That is what has happened to some Connellsville business men in Connellsville.

The State has a new horse wagon seems to be used for Democratic reform and greater to progress than for progress.

The train stores has been forth again on the streets and the new law for the first time is being enforced.

It has been judicially determined in Uniontown that court drops in on the stores and may be sold on Sunday.

The character of stock and as a result no more to be sold on Sunday.

The borough is accumulating a good supply of the horse and the borough offices should provide for its proper care.

CHEAP ASSESSMENTS  
NOT ALWAYS PUBLIC ECONOMY.

The cost of assessing property and registering voters varies greatly from state to state, but cheap assessments are not always an assurance of public economy.

The assessor who devotes no more time to his duty than is required to copy the assessment roll of his predecessor, his office will not present a large bill for his work but his work will be incomplete and it will be marked by inaccuracy and loss of public revenue. Cheap assessments are not always the best.

On the other hand it is doubtless true that many assessors soldier on the job. Evidences of this fact are

not lacking. There should be some way to teach such delinquents. It might possibly be done by regulating the service according to the results.

In the meantime, however, it should be remembered that a thorough and conscientious assessment is worth a full price and cordial commendation not suspicion and criticism.

DEMOCRATIC ANCIENTS  
GETTING READY FOR CROW.

The proposed council of old-line Democrats in New York has been abandoned. The reason given is that the conference was suggested for the purpose of considering politics, not candidates, and there was danger of its motives being misconstrued.

Old-line Democrats could not possibly have discussed any policies that would have met the approval of Boss Bryan; consequently they would have been virtually discussing the only Democratic candidate worth considering whether his name was mentioned or not.

The old liners have not, we fear, given us the real reason for their back down. The real name of the right reason is William Jennings Bryan.

The old liners have opened themselves to the inevitable and are getting ready to swallow the bitter dose again. The Ancients are like the gentleman who said, "I can eat crow but I don't hanker after it."

The White Primary is due on Saturday. It is the duty of all the old liners to go to the polls and vote for the best man in the field for local office. Those who refuse to take part in the primaries will be held in high esteem by the Ancients.

## STEEL WORKERS' FUND

In Beneficial Association at  
Scottdale \$7,000 Last  
Year.

## MEN'S LEAGUE ELECT OFFICERS.

Local and Personal Chat of a Day  
Picked Up About the Steel Town  
by a Correspondent of The Courier.

SCOTTDALE, Jan. 23.—The annual statement of the Scottdale Iron & Steel Workers' Beneficial Association was given out yesterday by Treasurer R. P. Porcy. The report shows cash on hand and receipts amounting in all to \$7,000.04. The expenses were as follows: Death benefits, \$3,643.50; sick benefits, \$2,915; salaries, \$162; dividends, \$126.05; general expenses, \$63; cash on hand at end of year, \$78.59. The item of sick benefits was an unusually heavy one last year. During the fall there were a large number of cases of typhoid fever, and this ran the expenses far above any previous year. On account of slack work at the mills, three death claims were paid from the general fund, thus using up that fund and cutting out the usual return dividend, of other years. During the past the death claims have been paid from a special assessment at the time of death. In the future the monthly dues will be \$1.50, and death claims as well as all other expenses will be paid from this fund. The members of the organization are especially grateful to the physicians of the town and vicinity for the interest and care they have taken in fitting out certificates necessary for the payment of sick benefits and for the general welfare of the organization.

The following officers have been elected by the Men's League of the First Baptist church for the ensuing year: President, A. L. Rosensteel; Vice President, C. Leo Mollinger; Secretary, Ernest Overholz; Treasurer, C. D. Reid. The league is in a flourishing condition and holds some interesting discussions at the regular meetings. At the last meeting the topic was "Elements of Success in the Work of the Men's League." This was discussed by Rev. E. C. Kunkle, Rev. T. W. Lyons and Robert Skemp. The objects of the organization and the ways in which it could help the general work of the church were pointed out by the speakers.

The funeral of the late Daniel Williams was held at the home at Pine Tree this morning and the remains taken to the Mill Grove cemetery near West Newton for interment.

The Byrne Real Estate Company has had a lot of cards printed containing the file plugs of towns and instructions for giving an alarm of fire. A portion of these have been framed and will be placed in hotels, stores, offices and other public places. The cards will be of great convenience to the public.

H. J. Springer, J. W. Sader and Roy Aultman, the Scottdale photographers, are in Pittsburgh attending a demonstration being given by the Eastman Kodak Company of the new lantern for the development of pictures.

Mrs. James Cummer of Hollidaysburg returned home yesterday after a short visit with her grandparents, Mr. and Mrs. H. C. Hubbs.

Mrs. Charles Bixler and children of York Run are here visiting the former parents, Mr. and Mrs. H. D. Hough.

The funeral of Joe McNally took place this morning at 9 o'clock at St. John's Roman Catholic church and was followed by interment in the St. John's cemetery. He was 43 years of age and is survived by his wife and several small children.

James M. Clarke died at his home in the Campbell block on Broadway a few minutes after 6 o'clock yesterday morning after an illness of several weeks from pneumonia, accompanied by heart trouble. Funeral services will be held on Friday afternoon at 2 o'clock at the home of his nephew, W. S. Campbell, on Broadway, and will be followed by interment in the Scottdale cemetery. Mr. Clarke was a few months past 77 years of age, and is survived by his aged wife, who is seriously ill with pneumonia; one son, W. C. Clarke, of Philadelphia, and one daughter, Mrs. Mary O'Connor, of Scottdale.

Mr. Clarke was born in the vicinity of Ligonier, this county, and at a very early age began his trade in the printing office of the Westmoreland Democrat of Greensburg, and had followed the trade all his life, working for a time in Pittsburgh, and for many years on the Philadelphia Ledger. During the past few years he resided in Scottdale and did some work in the local offices. He was a Democrat in politics and held the office of County Commissioner in the year 1881. He was a member of the M. E. church.

## MINE FOREMEN SUED.

Westmoreland Men Charged With Neglecting Their Duties.

GREENSBURG, Jan. 23.—John M. Maze and George Kotterling, fire bosses at the Duffy's Hollow mine of the Pittsburgh Coal Company, are charged before Justice of the Peace F. M. Beatty with violation of the State mining laws in neglecting the safety of their mine. The men claim they devoted their time to rescue work at the Darr mine.

Paul and Israel White of the Gratztown mine of the Pittsburgh Coal Company are under similar charges and gave bail here last night. Mine Inspector Bell preferred the charges.

## ORPHANS' COURT DOINGS.

Judge Work Makes Orders and Decrees—Morton, Will News.

At a session of the Orphans' Court held Wednesday morning by Judge J. C. Work, he made several orders and decrees affecting the distribution of balances in administrators' bands after the settling up of accounts of their respective estates.

There is over \$30,000 to be distributed to the heirs of the late John D. Detwiler, who died recently in Butsko township, where for many years he operated the old mill known as the Detwiler mill, and when he died left an estate valued at about \$75,000. An interview with an attorney interested in the Morton will contest develops the fact that the contestants of the last will found, which was recently probated by order of court, will take an appeal from the Register's decision in admitting this will and the case will be heard before Judge J. C. Work. After the testimony is all taken and the master called in the Orphans' Court, the case will, it is stated, be taken before a jury. A jury trial will be held in the Court of Common Pleas, and to do this it will be necessary to certify the evidence and proceedings of the Orphans' Court over to the Common Pleas Court.

## FUR WILL FLY.

At Basketball Game at Y. M. C. A. Gym Saturday Evening.

The Y. M. C. A. versus the Connellville High School Saturday evening, January 25, at 8:15 P. M. sharp, is the coming attraction at the Y. M. C. A. gym. The rivalry existing between the Y. M. C. A. and the High School is great. The game will undoubtedly prove the best one of the season.

Both teams are playing good ball and it will be an opportunity especially for those who have attended no games to see a good clean game. Both teams play the A. A. U. rules, and this alone assures a faster game than the National Rules. Attend the game, as it is the greatest encouragement to the players.

## INCREASE CAPACITY.

Sheriff Johns Prepares to Handle a Larger Number of Prisoners.

An improvement long needed in the county jail is that now being made by Sheriff Peter A. Johns, by which he hopes to double the capacity of the prison.

By the removal of the fixtures from the cells two beds can now be used in every cell and Sheriff Johns expects to be able soon to take care of almost 200 prisoners. The work of renovating the jail is progressing rapidly.

## Announcement.

W. J. Riddle, President of the Board of County Auditors, desires to announce that he is a candidate for the nomination for County Commissioner, subject to the decision of the Republican primary April 11, next. Mr. Riddle has devoted 30 years to the service of the Republican party in Fayette county. He solicits the votes and influence of his large circle of friends and assures one and all of his hearty appreciation of any effort made in his behalf. He promises the good citizens of Fayette county that if nominated and elected he will perform the duties of his office not only to the best of his ability but to the utmost public satisfaction, as shown by his services already rendered as County Auditor.

## Will Make Important Changes.

Important changes in the rules regarding special rates for ministers, excursions and other gatherings will be made shortly by the railroads in Western Pennsylvania, following the decision of the Supreme Court, which holds the two cent a mile passenger fare law in this State to be unconstitutional.

## Card of Thanks.

Mr. and Mrs. Frank Cochran desire to take this opportunity to express to the kind friends and neighbors of the community their heartfelt thanks for the many evidences of sympathy extended to them during their recent bereavement, caused by the loss of their beloved sons.

## VANDERBILT.

Personal Chat From Fayette County's New Borough.

VANDERBILT, Jan. 23.—James Gilbert, Sr., one of the oldest residents of the community, is on the sick list. He has pneumonia and owing to his advanced age, it is feared he cannot recover. He is 80 years old and has resided at East Liberty a number of

years and where he conducted a grocery store until he was unable to look after his business.

Miss Ethel Allen of East Liberty is one of the best trained nurses. Miss Anna Rivers of East Liberty were in Connellsville recently calling on their many friends.

Some may think that there is no use in voting for the candidates that are not at the election in the time to elect those whom they consider worthy to be elected to office. This is a mistake.

Last Year's Sales for Hyomei, the Guaranteed Cure for Catarrh, Larger Than Ever.

The merits of Hyomei (the treatment that cures catarrh without stomach dosing) its popularity and growth are unique in the annals of medicine. So pronounced is the relief and cure following the use of this treatment that it has been publicly recommended by leading druggists and physicians in nearly every State and town in the country, with the result that last year's sales were larger than ever.

The fact that Hyomei is so simple and complete, and that it cures by breathing undrained air and not taking drugs into the stomach, no doubt has helped to create this wide-spread and rapidly increasing army of friends.

The way in which it has been sold by A. C. Clarke has undoubtedly aided its introduction in Connellsville. He is such a firm believer in the power of Hyomei to cure all catarrhal troubles, that he urges people to use it with the understanding that the cost will be refunded to anyone who is not benefited by the treatment. You do not risk a cent in testing the healing virtues of Hyomei, for he takes all the risk of it giving satisfaction and leaves you to be the judge.

If you have catarrh, give Hyomei a trial and you, too, will become its friend and recommend it to others. The complete outfit costs only \$1.00, nothing extra.

## WITH FIVE BULLETS.

In Macy's Restaurant Woman Murders Man Whose Love Had Cooled.

## THEN TAKES THREE FOR HERSELF

One Half Hour Later—Noon Rush in Big New York Store's Dining Room Is Setting for Tragic Finale in One-Sided Amour.

New York, Jan. 23.—Sweeping through the crowded restaurant which takes up the eighth floor of Macy's department store and into the gentle man's cafe a tall, stylishly dressed woman bent for a moment over the shoulder of a diner, whispered something in his ear and then drawing a revolver from her muff, emptied the contents of the five chambers into his body. As her victim, Frank Brady, a newspaper advertising solicitor slipped his coat to the floor, the woman flung the weapon from her hand and taking a second revolver from her muff shot herself first in the head and then twice in the breast. She died a half hour later.

A note found in the woman's purse proved her to be Mrs. Mary Roberts Clark, a mantuavit, the widow of a policeman and stepmother of a six-year-old son, Raymond Brady, was thirty years old and the sole support of a helpless aged mother for whom she had made a home. The shooting was the culmination of a series of violent quarrels and, according to the woman's intimates, in fulfillment of a threat to murder Brady in a public place before the world unless he renewed the attentions she asserted she received from him when he was less prosperous and she in a position to befriend him.

Provided for Her Son.  
The police had little difficulty in tracing the tragic story back from effect to cause. The suicide who was about thirty years of age was Mary McLean when she married John Roberts. When the latter died a year ago she assumed the name Clark and supported herself and child first as the wardrobe woman at an up-town theatre and then as a mantuavit. She was of prepossessing appearance and had marked business ability. Last August she made a will in which she was able to provide for the education of her son at a fashionable school in Westchester county. A clergyman was made executor.

While she was in prosperous circumstances and before the death of her husband, Brady had lodgings at her home and she declared that she helped him to the success which he subsequently attained. A few months ago he left her home and made a home for his mother whom he brought here from New Jersey. Recently Mrs. Clark thought that Brady was avoiding her, and when he called at her home occasionally they quarreled. A few days ago Mrs. Clark called upon her attorney and told him that something serious was going to happen. She went to her bank and made a cash deposit, wrote a note identifying herself and referring the reader to her attorney, and armed with three revolvers went to the store where she knew that Brady usually hung out.

Knew Where to Find Victim.  
Stepping aside the elevator she stepped aside the waitress who approached her and in so doing was hastened to a small smoking room for women just off the main dining hall. The big room was filled with women who were lunching after the morning shopping and an old man of conversation her agitated manner attracted the attention of the waitress, one of whom noticing her approach, he men's cafe asked if she was seeing someone.

"Yes," she replied, "and I know he is too."

She pushed the girl aside and in a moment stood behind her chair and spoke to a man. Before he had time to reply she had shoved a revolver in his face and commenced firing. The sound of the shot, the shoulder of the breast and the abdomen were successively pierced by bullets and Brady lay dead at her feet. Giving one glance to the half dozen men near by who were momentarily stunned Mrs. Clark whipped another weapon from her furs and put a bullet just below right ear and two others in his bosom.

The shooting was out of the sight of the hundred or more shoppers in the restaurant but the report of the discharge created consternation and there was a rush for the elevators. Employees of the place quickly closed the door shutting off a view of the smoking room and assured the women patrons few of whom realized what had occurred. The police broke the news to Brady's aged mother and the Jerry police took charge of the dead woman's box.

Would Shoot Hunting Dogs.  
Harrisburg, Pa., Jan. 23.—The board of game commissioners of Pennsylvania is opposed to hunting with dogs and will recommend that the next legislative session law making it illegal for a man to take a dog into the woods. The chief object of the proposed law will be the protection of game and if it is passed no dogs will be shot by the wardens. Many hunting dogs are shot by the wardens. They say there is no sport hunting without a dog and they will resist vigorously the efforts of the commission to secure the passage of such a law.

## One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

## TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with it, blessings, to the fact but it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of Syrup of Figs—and has attained to world-wide acceptance as the most excellent of natural laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you supply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

WRIGHT-METZLER apparel for Women is conceded to be the most exclusive and stylish collection of Women's Garments in this section, and our immense buying power enables us at all times to offer this high class apparel at prices well under the ordinary. This buying advantage is forcefully reflected in these sale prices. We've divided our entire stock of Tailored Suits into three big groups and at the lowest prices ever placed on garments of this class any where. It is not a money-making sale but a sale brought about wholly by our strict policy of complete clearance each season.
